Geneseo Public Library District Receives Funds from the GIFT Foundation

The Geneseo Public Library District recently received $25,483 from the GIFT Foundation. Of that money, $15,483 was given from a fund set up by William and Susan Sherrard. That money will be put toward the library's building campaign. The other $10,000 was given by the Keppy Family, and that money will be put toward an endowment established for the library through the GIFT Foundation.
